Internship

Bharat Intern (Web Developer Intern)   **Aug 2023**
- Designed **Netflix Clone, Temperature App and My Portfolio Site**
- Designed the task using **HTML, CSS.**
- **Link :** Offer Letter, Certificate

Projects

Instagram Data Analysis (URL)   **Aug 2023**
- MySQL queries to fetch and analyze relevant user data. By delving into Instagram's database, the company extracts key information about users, such as demographics, interests, and engagement patterns.
- By leveraging MySQL's querying capabilities, the marketing company gains a deeper understanding of their audience, allowing them to tailor their content and strategies to reach the right users at the right time, ultimately enhancing their marketing performance on Instagram.
